

Alignexia Group Corp specializes in Agile transformation, program and project management, cybersecurity advisory, and AI-driven digital solutions that accelerate mission and organizational outcomes. We design and implement modern solutions to drive operational efficiency.

Our team brings over 40 years of experience delivering complex, high-impact initiatives across federal, defense, and enterprise environments, including work with USCENTCOM, U.S. Southern Command, U.S. European Command, the U.S. Securities and Exchange Commission (SEC), the Centers for Medicare & Medicaid Services (CMS), the Government Accountability Office (GAO), NASA, and NAVSEA. We design and implement modern, secure, and scalable solutions that enhance performance, strengthen compliance, and drive operational efficiency. At Alignexia, we believe excellence starts with alignment—where strategy, people, and technology seamlessly converge to produce measurable, sustainable results.

Core Competencies

- **Project Management & Technical Delivery:** Strong capabilities in overseeing multi-team, enterprise-grade IT programs from planning through execution, ensuring scope, schedule, and cost alignment for successful delivery.
- **Cybersecurity Solutions:** Proficient in implementing secure architectures, access controls, data protection measures, and ensuring alignment with NIST, SOC2, PCI, Zero Trust, and federal cybersecurity standards.
- **Digital Modernization & Transformation:** Specialized in modernizing legacy systems, implementing cloud-ready solutions, streamlining workflows, and supporting organizations through secure, scalable digital evolution.

Past Performance/Differentiators

U.S. Central Command (CENTCOM)(Apr 2020 -Aug 2025):

Supported USCENTCOM in modernizing mission-critical IT and communication systems across multiple joint commands. Led system architecture planning, data integration, cybersecurity alignment, and deployment coordination. Improved interoperability, strengthened system resilience, and enhanced operational readiness for command-and-control (C2) environments.

U.S. Securities and Exchange Commission (SEC)(Jan 2022-Dec 2024):

Provided Agile program oversight, workflow optimization, and modernization support for SEC technology initiatives. Facilitated cross-team collaboration, improved delivery predictability through SAFe practices, and enhanced transparency across product teams. Delivered measurable improvements in release cadence, operational efficiency, and compliance-driven IT processes.

Navy PEO IWS X (via Red River Technology) (Jan 2023 - Nov 2025): Led Agile transformation and digital modernization efforts across the Navy PEO IWS X teams, implementing SAFe practices, improving automation, and streamlining workflows. Enhanced PI predictability, accelerated feature delivery, and strengthened the program's overall digital transformation readiness.

Women-Owned Small Business

Company Data

Name: Alignexia Group Corp

UEI: UW2KSK4WSMR9

CAGE Code: 14C96

DUNS #: 11-956-0236

Address: 772 Pointe Andrews Drive,
